INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Grassroots International, Inc.

We have audited the accompanying financial statements of Grassroots International, Inc. (a Massachusetts nonprofit organization), which comprise the statement of financial position as of October 31, 2019, and the related statements of activities and changes in net assets, cash flows and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Grassroots International, Inc. as of October 31, 2019, and the changes in its net assets and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Grassroots International, Inc.'s 2018 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 22, 2019. In our opinion, the summarized comparative information herein as of and for the year ended October 31, 2018, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

NATURE OF ACTIVITIES:

Grassroots International, Inc., "Grassroots", (a Massachusetts corporation, not for profit) is a human rights and international development organization that supports social change movements in the Third World. Grassroots funds movement building, community-led sustainable development projects and human rights defense, particularly around "Resource Rights" in the Middle East, Latin America, the Caribbean and other areas, and educates and advocates on those issues in the United States.

SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation and Classification and Reporting of Net Assets

The accompanying financial statements are prepared on the accrual basis of accounting.

Grassroots classifies net assets, revenues, gains and losses based on the existence or absence of donor- or grantor-imposed restrictions. Net assets and changes therein are classified and reported as follows:

- Net assets without donor restrictions represent the portion of net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve.
- Net assets with donor restrictions represent the portion of net assets subject to donor- (or certain grantor-) imposed restrictions. Certain donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates resources to be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comparative Financial Statements

The accompanying financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with Grassroots' financial statements for the year ended October 31, 2018, from which the summarized information was taken.

Management's Review

In preparing these financial statements, management has evaluated events and transactions for potential (Continued)

1. SIGNIFICANT ACCOUNTING POLICIES (continued):

Management's Review (continued)

recognition or disclosure through March 5, 2020, the date the financial statements were available to be issued. Grassroots is not aware of any material subsequent events which would require recognition or disclosure in the accompanying financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and on deposits and highly liquid investments with an initial maturity of three months or less. Included in cash and cash equivalents (with and without restrictions) in the Statements of Financial Position are money market accounts totaling \$3,161,490 and \$1,627,095 at October 31, 2019 and 2018, respectively.

Certificate of Deposit

The certificate of deposit consists of one (1) six-month certificate maturing January 31, 2020.

Grant, Contribution and Promises to Give Revenue

Contributions are recognized when the donor makes a promise to give to Grassroots that is, in substance, unconditional. Contributions that are unrestricted by the donor are reported as increases in net assets without donor restrictions. All other grantor or donor-restricted grants and contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Grants and unconditional promises to give in the Statements of Financial Position are receivable in one year or less.

In-kind Contributions

Grassroots receives in-kind contributions of investment securities throughout the year. Contributed securities and other goods are recognized at fair market value when received.

Contributed Services

Grassroots receives professional legal services and the services of student interns in program and administrative functions. In-kind professional legal services were valued at fair market value when received and totaled \$6,800 and \$50,264 in 2019 and 2018, respectively. Because the nature of the intern services received neither creates or enhances non-financial assets nor requires specialized skills, their value has not been recorded in the accompanying financial statements.

Investments and Investment Income

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the Statement of Financial Position. Net investment income consists of interest, dividends, realized and unrealized gains and losses less external and direct internal investment expenses. Investment income and gains restricted by a donor, if any, are reported as increases in net assets without donor restrictions if the restrictions are met (either by the passage of time or by use) in the reporting period in which the income and gains are recognized.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

1. SIGNIFICANT ACCOUNTING POLICIES (continued):

Investment Fair Values

Investments measured at fair value are classified and disclosed in one of the following categories:

Level I: Quoted prices are available in active markets for identical investments as of the reporting date.

Level II: Pricing inputs are other than quoted prices in active markets of comparable investments, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level III: Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment.

All Grassroots marketable security investments include listed equity or debt instruments which are publicly traded, and whose fair value is therefore classified and disclosed as Level I. These investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment income, primarily interest and dividends, is recorded when earned and considered available for unrestricted use unless otherwise restricted by the donor. Purchases and sales of securities are reflected on a trade-date basis. Realized and unrealized gains and losses are determined on the basis of specific identification.

Fixed and Other Assets

Property and equipment acquisitions are recorded at cost. Purchases of property and equipment in excess of \$1,000 are capitalized. Donated fixed assets are recorded at fair market value at the date of gift. Grassroots provides for depreciation of its office equipment using the straight-line method over the estimated useful lives of three and five years. Depreciation of leasehold improvements is provided using the straight-line method over an estimated useful life of thirty-nine years. Maintenance and repairs are charged to expense in the period incurred. The cost and accumulated depreciation of assets retired or sold are removed from the balance sheet and any gain or loss is credited or charged to income.

Trademark costs and the related legal expenses associated with reserving the name "Grassroots International" are recorded at cost and are amortized using the straight-line method over 15 years.

Management periodically evaluates whether events or circumstances have occurred indicating the carrying value of long-lived assets may not be recovered.

Advertising

Grassroots expenses advertising costs as incurred.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

1. SIGNIFICANT ACCOUNTING POLICIES (continued):

Functional Expenses

The costs of providing various programs and other activities have been reported on a functional basis in the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited, based on usage or other equitable bases established by management.

Income Tax Status and Uncertainty of Income Taxes

Grassroots is a nonprofit organization exempt from federal income taxes (not a private foundation) under section 501(c)(3) of the Internal Revenue Code. Management has evaluated its tax positions applying a "more likely than not" standard, and believes there are no material uncertainties in income taxes.

Recent Accounting Guidance

In June 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made.* The standard is effective for fiscal years beginning after December 15, 2018.

In February 2016, the FASB issued ASU 2016-02, *Accounting for Leases*, which applies a right-to-use ("ROU") model requiring a lessee to record, for all leases with a lease term of more than twelve (12) months, an asset representing its right to use the underlying asset and a liability to make lease payments. For leases with a term of twelve (12) months or less, a practical expedient is available whereby a lessee may elect, by class of underlying asset, not to recognize a ROU asset or lease liability. The standard is effective for fiscal years beginning after December 15, 2020.

Management is currently evaluating the impact of the pending adoption of ASU 2018-08 and 2016-02.

3. RESTRICTED CASH AND CASH EQUIVALENTS

In 2018, Grassroots assumed the sponsorship of the remaining assets of Building Equity and Alignment for Impact (BEA); a fund created in 2013 by an unincorporated consortium of several grassroots organizations and innovators in philanthropy to advance the progress of the environmental justice movement. Using these assets, Grassroots created the BEAI Fund ("the Fund") which promotes four interlinked elements: (1) support for community organizing at the forefront of change, (2) build partnerships across sectors and geographies, (3) advance a just transition and (4) build the capacity of the grassroots sector.

As compensation for managing and administering the Fund, Grassroots charges the Fund 15% on the first \$1,000,000 and 10% on amounts above \$1,000,000, up to \$217,000 annually.

At October 31, 2019 and 2018, \$2,152,041 and \$1,004,342, respectively, was held in a restricted money market account.

Trademark costs	\$10,906	\$10,906
Less accumulated amortization	(5,955)	(5,043)
	\$ 4,951	\$ 5,863

Depreciation expense was \$5,508 and \$4,183 for 2019 and 2018, respectively. Amortization expense was \$912 and \$911for 2019 and 2018, respectively.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

5. GRANTS PAYABLE

Grants authorized but unpaid at year-end are expected to be disbursed in the current fiscal year.

6. LEASE COMMITMENTS

Grassroots leases its business premises under a five-year lease agreement expiring February 28, 2022. Current monthly fixed rent under this agreement is \$3,614 per month and increases 1% per year (on March 1) throughout the lease term. Grassroots is also responsible for an annual operating cost escalator.

The annual future minimum lease commitment over each of the four years of the lease is as follows:

	Yearly Rental
March 1, 20XX – February 28, 20XX	Commitment
2019-2020	\$44,234
2020-2021	\$44,676
2021-2022	\$45,123

On April 1, 2019, Grassroots entered into a one-year agreement to lease another separate office through March, 2020. The monthly fixed rent under this agreement is \$450 and Grassroots has an option to renew.

Rent expense was \$49,169 and \$44,210 for 2019 and 2018, respectively.

7. DEFINED CONTRIBUTION PLAN

Grassroots maintains a 401(k) retirement plan for eligible employees. Eligible employees may make voluntary pre-tax deferrals of salary and wages. Eligible employees may receive annual discretionary employer profit sharing contributions each year. Grassroots' approved 4% discretionary employer contributions totaling \$45,635 and \$37,633, in 2019 and 2018, respectively.

8. FINANCIAL INSTRUMENTS AND CREDIT RISK

Grassroots manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, Grassroots has not experienced losses in any of these accounts. Credit risk associated with grants receivable and promises to give is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from individual donors, foundations and businesses supportive of Grassroots' mission. Investments are made by diversified investment managers whose performance is monitored by management and the investment committee of the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, management and the investment committee believe the investment policies and guidelines are prudent for the long-term welfare of Grassroots.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

9. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consist of the following at October 31, 2019 and 2018:

	2019	2018
Humanitarian/social justice program support	\$1,060,337	\$1,425,243
BEAI Fund	\$2,152,041	\$1,004,342

10.BOARD-DESIGNATED NET ASSETS WITHOUT DONOR RESTRICTIONS

25th Anniversary Fund

The Board of Directors designated the net revenues from the 25th Anniversary fundraising campaign (approximately \$342,000) be used to offset unrestricted net operating losses and to subsidize the implementation of Grassroots' Strategic Plan. In 2018, the balance of temporarily restricted net assets from the sale of donated real estate was combined with these assets (see Note 9). The balance of this fund was \$640,738 at October 31, 2019 and 2018.

Minimum Operating Reserve Activity

The Board has designated \$580,000 (approximately three (3) months operating expense) of net assets without donor restrictions as a Minimum Operating Reserve ("MOR") which cannot be spent without Board approval. The MOR balance is reconsidered annually in October. Expenditure of principal is restricted to times when net assets without donor restrictions (net of Board-designated net assets) have fallen below a trigger level of \$100,000, and expenditure of investment income is not currently subject to restriction.

MOR activity for the years ended October 31, 2019 and 2018, is as follows:

\$530,000	\$400,000
50,000	130,000
-	-
	-
\$580,000	\$530,000
	50,000

MOR Investment Policy

Grassroots has adopted a conservation of principal approach with a primary investment objective of fixed income investments to generate current income and a secondary investment objective of conservative growth.

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2019 AND 2018

10.BOARD-DESIGNATED NET ASSETS WITHOUT DONOR RESTRICTIONS

Strategies Employed for Achieving Objectives

Grassroots has determined that a preservation of capital objective is most appropriate. This objective is designed to preserve the real value of its assets and to maintain spending in real terms. The Board cannot pay out more, on average over time, than the average real return it earns from its investment portfolio. The Board expects to achieve the return and risk characteristics consistent with the following allocation for its long-term reserves:

Cash and money market funds	5%
Equity securities	35%
Fixed income securities	60%

Grassroots manages its MOR consistent with the Massachusetts Uniform Prudent Management of Institutional Funds Act ("UPMIFA").

11. LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the Statement of Financial Position date, comprise the following:

Cash and cash equivalents	\$888,284
Accounts receivable	33,624
Operating investments	109,490
	\$508,540

MOR and 25th Anniversary Fund assets are subject to Board spending restrictions and are excluded in the table above, however, these amounts could be made available if necessary.

12. FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries, benefits and payroll taxes which are allocated on the basis of time and effort. Occupancy, insurance, depreciation, travel, postage, telephone and office operation expenses are allocated on the basis of the salaries' allocation. Public relations and related constituent communication and development costs are allocated primarily to fundraising. Software purchases and support contracts are allocated as to the functional use of the software.
